

Distribution of Perkins Funds within the C-TEC Consortium

Fund distribution and budget development is conducted in coordination with the C-TEC Steering Committee. The Steering Committee reviews and approves the annual budget. Typically the annual Perkins budget follows the following distribution, however is open to variation from this plan based on input from the Steering Committee.

<p>45% to Consortium Members in support of Perkins 5 Year plan</p>	<p>- Perkins 5 year plans and Annual Plan updates from each member school are received by and reviewed by the consortium to verify their alignment with C-TEC's Strategic Plan and Perkins 5 year plan. The C-TEC Steering Committee reviews and approves 5 year plans and Annual updates to ensure the local plans are aligned with the regional plan.</p>
<p>20% Special Projects Grants</p>	<p>Grant requests are received during an annual grant cycle. Funds are for larger or ongoing projects. Consortium Steering Committee reviews and approves annually. Typical Timeline – Grants due Mid-April, Reviewed by Steering Committee early May for expenditure during the following year</p>
<p>15% Mini-grants</p>	<p>Small grants to specific programs that allow programs to obtain equipment, develop curriculum, access professional development, etc. Applicants must show how the proposal meets goals set forth by the consortium. Grants are reviewed and approved by the consortium steering committee Typical Timeline – Grants due Mid-April, Reviewed by Steering Committee early May for expenditure during the following year</p>
<p>20% Consortium Activities and Administration</p>	<p>Funds are directed toward coordination of regional activities including teacher meetings, professional development offerings, etc. Includes funding of Regional Coordinator.</p>

Please Note:

All equipment purchases over \$5,000 must be approved by ODE prior to making the purchase. Contact your Regional Coordinator for information about how to make the request.
